Meet the Barbenheimer's

Project Manager

UX/UI Designer

Quality Assurance Tester

Financial Analyst

Database Administrator

Marketing and SEO Specialist

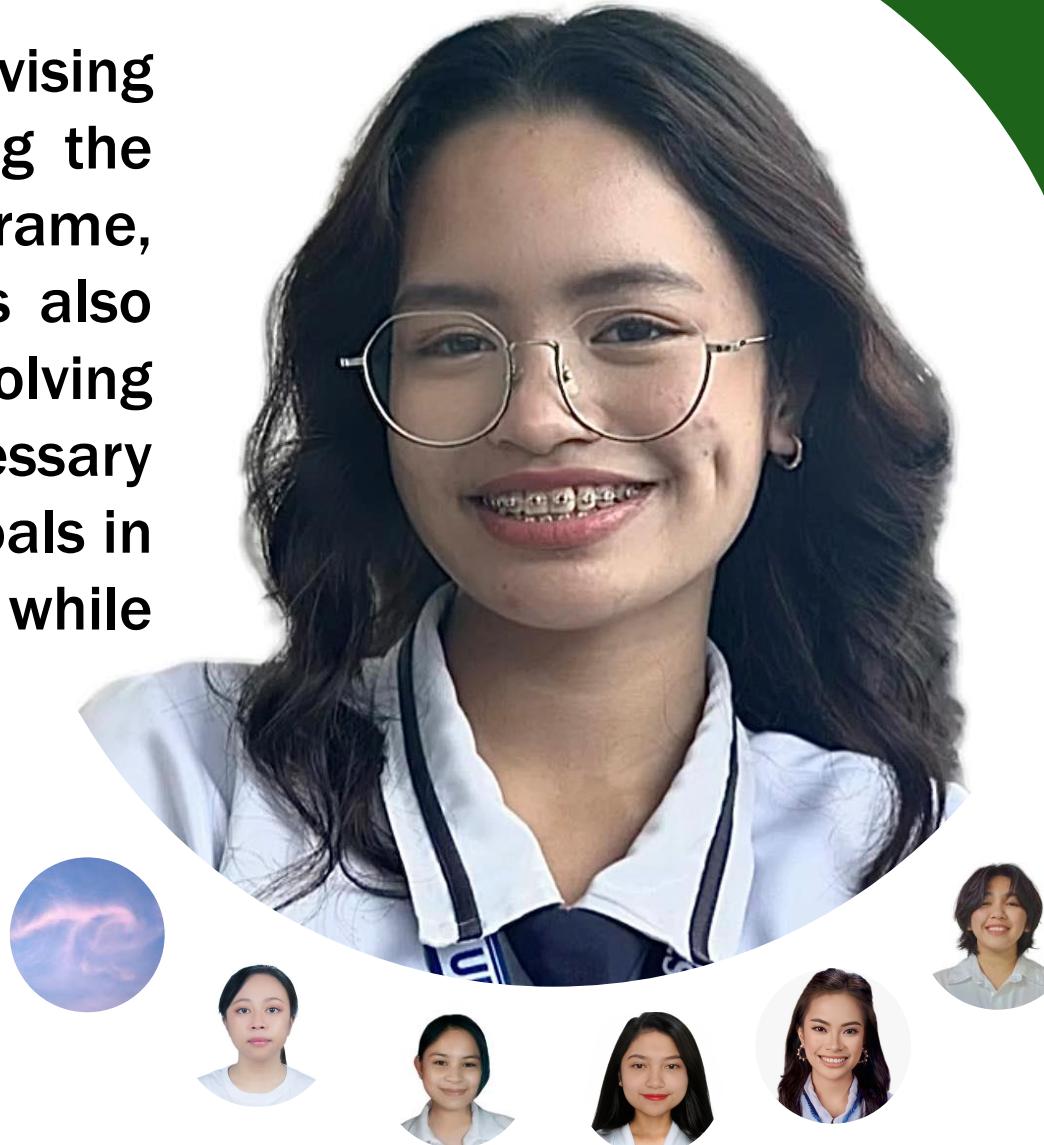

Customer Support Service

Margeaux Therese Tulang

Project Manager

She is accountable for defining project goals, devising detailed plans, allocating resources, and ensuring the project is completed within its scheduled time frame, budget constraints, and quality standards. She is also responsible for monitoring progress, resolving challenges, and adjusting the project plan as necessary to ensure the successful achievement of project goals in order to efficiently and effectively deliver projects while meeting the objectives of clients or organizations.

Jun Allen Mark Balbuena

UX/UI Designer

User experience (UX) and user interface (UI) designers create the look and feel of the application or website, focusing on usability, visual design, and user interactions to provide an excellent user experience.

Nadean Cabunoc

Quality Assurance Tester

She possesses a meticulous nature as a Quality Assurance Tester and is deeply dedicated to guaranteeing the impeccable functioning of applications and websites. Her specialized skills revolve around the identification and reporting of defects, conducting thorough testing, and confirming that products align with specified requirements and quality standards. She is driven by a relentless pursuit of excellence, with a constant aim to deliver software solutions that are both user-friendly and entirely free of bugs.

Jiane Golosino

Financial Analyst

She had experience as a committed financial analyst since her time in secondary school. Her main duties as a financial analyst include the evaluation of statistical data, the development of financial models, analyzing financial statements to evaluate investment opportunities, and the delivery of suggestions and insights to support decision-making within a company.

Janna Nicole Miasco

Database Administrator

She is a dedicated and experienced Database Administrator with a passion for ensuring the smooth and efficient operation of database systems. Her expertise lies in managing and maintaining databases that store and organize critical data for various applications and websites. With a strong background in database design, optimization, and security, she is committed to ensuring data integrity and accessibility.

Bianca Nicolette Garcia

Marketing and SEO Specialist

She has a vital asset to any company's digital marketing strategy, specializing in the critical fusion of Search Engine Optimization (SEO) and comprehensive knowledge of digital marketing techniques. Her mission is to elevate online visibility, drive website traffic, and ultimately achieve overarching business goals. Her role revolves around optimizing the online presence, elevating search engine rankings, and enhancing the overall performance of digital marketing initiatives.

Eda Laarne Mendio

Customer Support/Sevice

As a devoted Customer Support Specialist, she has a steadfast dedication to delivering outstanding support to users. Her area of expertise includes handling inquiries, resolving issues, and proactively collecting valuable feedback to drive ongoing enhancements. She possesses a deep passion for guaranteeing a favorable user experience and nurturing enduring customer connections.

Features

Buk.Etrack

the availability and features of such apps may have evolved since the last knowledge update in 2021, so it's a good idea to explore the latest options in app stores or online resources.

a website will be developed and available for all users and they are able to download the software or application. Therefore, it will be easy to open in mobile phones, laptops, tablets or other gadgets

Diba mhi e competition ang Buk.Etrack ano advantage niya. Tulad ng Meralco app, Watts, Energy Cost Calculator, Sense Home Energy Monitor. At eba pa

For your information ang Buk.Etrack ay locally made at cross platform na pwede gamitin offline at online.

ang Buk.Etrack ay parang combination sa lahat na yan na app at di lng basic app.
